

ST EDWARD'S SCHOOL

Committed to Excellence
in Catholic Education

Dear Parents and Carers of Preschool Children,

This letter is an invitation for you to consider St Edward's Primary School as the school for your child's primary education. We encourage you to come and visit our wonderful school and discover the many benefits of a Catholic Education. We warmly welcome students and families of various faiths and cultural backgrounds.

St Edward's Primary School consists of two campuses - Infants and Primary.

Our Infants Campus caters for the needs of children from Kindergarten to Year 2. This is where the important foundations for learning are laid for a holistic education with a strong focus on literacy and numeracy. Our students are engaged in their learning through the dedication of highly trained teachers who encourage a sense of fun and personal wellbeing in a safe and happy environment.

The Primary Campus accommodates our students from Year 3 to Year 6. This is where the learning journey continues as we build upon the knowledge and skills established in the Infant years of your child's education. Student learning becomes more independent and collaborative as we encourage each child to embrace their strengths and set goals for improvement. Our students enjoy interactions with their teachers and peers in spacious surroundings where opportunities for sport, cultural and spiritual growth are fostered.

Our school is a Catholic Professional Learning Community which offers the opportunity for faith development and the celebrating of Sacraments through classroom lessons and a close partnership with our Parish. We have a strong sense of pastoral care and a community desire to help those in need. Our mantra, *"The standard you walk past is the standard you accept"* captures the respectful environment we strive to maintain for all who learn, teach, work and visit in our school.

Our teachers and staff work hard to ensure every student and family feel a sense of belonging. Our end goal is to give our Year 6 students the skills, knowledge and support they need to transition to high school and continue their life long learning. We strive for each child to know their worth - their talents, strengths and individual qualities that will enable them to become resilient global citizens.

Before and After School Care is provided on site at our Infants Campus. This is facilitated by Esteem Kids and is available exclusively for students enrolled at St Edward's School.

St Edward's Primary School is a place where a love of learning is nurtured and grown so students are best placed to find success and joy through their primary education and beyond.

If you wish to come and visit to see our learning in action, please do not hesitate to contact our office staff to arrange a personal tour with one of us. If you'd like to enrol your child, please complete the Expression of Interest Form and return to either of our campuses.

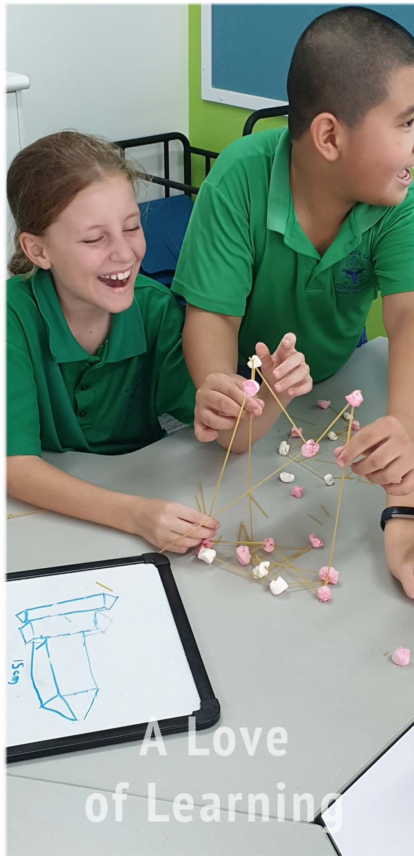

We look forward to welcoming you to our St Edward's community!
